

The Baby Grace Project

The Spiritual Adoption of babies in danger of abortion

Thank you for Praying for me.
I am 2 months old now and about 2
inches long. Look! You can see my
eyes, nose and mouth. I will use
them to experience God's Word
after I am born

THIS IS ME AT 10 WEEKS
I feel like Dancing!

Did You Know?

- ◆ Your baby is making progress developing all of her external features and internal organs.
- ◆ She is about 3.1 cm long from crown to rump and weighs less than 4g. She may be small, but she is very active, swallowing fluid and kicking her limbs.
- ◆ Her wrists are more developed, her ankles have formed, and her fingers and toes are clear to see.
- ◆ Her vital organs—liver, kidneys, intestines, brain and lungs are fully formed and functional. She has everything she needs to survive after birth.
- ◆ Now that the baby's basic physiology is in place, she is poised for rapid weight gain.
- ◆ If you could take a look at her, you'd be able to see some exciting details, such as fingernails and peach fuzzy hair.
- ◆ The outline of her spine is clear to see, too. Spinal nerves stretch out from the spinal cord.
- ◆ She loves to hop, jump and flip—her first dance steps!
- ◆ Your baby is still very vulnerable toward abortion this next month—please keep praying!

102 Babies have been Spiritual Adopted through our Baby Grace Project!

*Please continue to pray daily for these babies and the conversion of hearts
of their mothers and fathers*

The Daily Spiritual Adoption Prayer:

Jesus, Mary and Joseph, I love you very much.

*I beg you to spare the life of _____ who I have spiritually adopted and who is in
danger of abortion. Please give to the parents of this child, the grace and courage to bring
their baby to birth and to the life God has planned for (him/her). Amen*

**It's not too late to Spiritually Adopt! To find out more about our Baby Grace Project visit our
"Outreach" Page on our parish website at www.sacredheartouston.org**
