

The Baby Grace Project — Month 8

The Spiritual Adoption of babies in danger of abortion

Thank You for praying for me!
I am 8 months old now and I am
getting ready for my Birthday.
I Can't wait to see my mommy and daddy.
Thanks to you I will get to see them soon!

This is ME at 32 Weeks

- ⇒ Now your Spiritually Adopted baby has just about completed her development and she is now concentrating on gaining weight
- ⇒ By now, she weighs about 3 3/4 pounds (about the size of a large jicama) and is about 16.7 inches long, taking up a lot of space in the uterus. Mom is gaining about a pound a week and roughly half of that goes right to her baby.
- ⇒ Her skin is becoming soft and smooth as she plumps up in preparation for birth.
- ⇒ Although her lungs won't be fully developed until just before birth, your little one is busy inhaling amniotic fluid to exercise her lungs and her body begins to absorb vital minerals such as iron and calcium from the intestinal tract
- ⇒ Her pupils can constrict, dilate and detect light entering her eyes
- ⇒ Finger and Toe nails have now grown to the tips of the toes and fingers

**Let us pray this month for the health of the mother and baby.
May mom have access to nutritional foods and good healthcare—
for her safety and that of her child.**

*Please continue to pray daily for these babies and the conversion of hearts
of their mothers and fathers*

The Daily Spiritual Adoption Prayer:

Jesus, Mary and Joseph, I love you very much.

*I beg you to spare the life of _____ who I have spiritually adopted and who is in
danger of abortion. Please give to the parents of this child, the grace and courage to bring
their baby to birth and to the life God has planned for (him/her). Amen*
